MEMORANDUM FOR: Deputy Director (Intelligence)

SUBJECT: Request for Paper on "Export Controls
on Ball and Roller Bearings"

1. Attached is a reply for your signature to subject correspondence. This request was unnecessary as Mr. Rubin's staff member, Colonel Brown, who wants the paper, can obtain it from the appropriate OIT task group working on the subject. Colonel Brown has been contacted and is agreeable to receiving it this way.

2. We have arranged through regular liaison channels to have MSA use these rather than writing to the DCI in the future.

JAMES Q. REBER
Assistant Director
Intelligence Coordination
